Computer Networks Lab

Lab Instructor: Dr. Sweta Mishra (sweta.mishra@snu.edu.in)

Room No: C-318C, Extn 477

Teaching Assistant (TA): Monika Bansal (mb189@snu.edu.in)

Contents

- Overview of Computer Networks
  - Peer to peer and client-server architecture
  - Networking devices: Hub, Switch and Router
  - Open System Interconnection (OSI) reference Model

- Wireshark, a tool for analysing Network Traffic
  - Introduction
  - Installation guidelines

Networking Devices

- https://www.youtube.com/watch?v=1z0ULvg_pW8

Internet protocol suite

Overview of OSI Reference Model

- https://www.youtube.com/watch?v=vv4y_uOneC0

Wireshark

- A tool to analyse network traffic
- https://www.wireshark.org/download/docs/user-guide.pdf
- Installation on Ubuntu
  - sudo add-apt-repository ppa:wireshark-dev/stable
  - sudo apt-get update
  - sudo apt-get install wireshark
- To open from terminal
  - sudo wireshark
